Fortune Favors A Texan.

Mt. Sterling has by far the best water-works plant of any town near it size in the State. The State Board which fixes the franchise valuation of corporations found this property to be worth \$139,000, or more than double the valuation of the Winchester or Paris companies.

A Boy's Wild Ride For Life.

With family around expecting him to die, and a son riding for life, 18 miles, to get Dr. King's New Discovery for consumption, Coughs and Colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of Consumption, Pneumonia, Bronchitis, Coughs, Colds and Grip prove its matchless merit for all Throat and Lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at Clay City Lum. & Stave Co. store.

Crop of Cotton in Kentucky.

A farmer near Leitchfield has successfully grown a small crop of cotton this year. We can't see why it is not more frequently

grown in this State. Old-time people used to grow enough for home consumption, weaving it into fabric by a crude process.

Not doomed For Life.

"I was treated for three years by good doctors," writes W. A. Greer, McConnellsville, O., "for Piles, and Fistula, but, when all failed, Bucklen's Arnica Salve cured me in two weeks." Cures Burns, Bruises, Cuts, Corns, Sores, Eruptions, Salt Rheum, Piles or no pay. 25c at Clay City Lbr. & Stave Co.

At Danville, George Gregory, colored attacked his wife, and she attempted to run away from him, but caught her foot in the door-sill and down the steps. She was carrying an infant, which bounced into a well near by and fell twenty feet into the water below. The woman continued to flee, but George stopped and fished the infant out.

A Parson's Noble Act.

"I want all the world to know," writes Rev. C. J. Budlong, of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they excel anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in Liver, Kidney and Stomach troubles. Don't fail to try them. Only 50c. Satisfaction is guaranteed by Clay City Lbr. & Stave Co.

Who is the oldest lunatic on record? Time out of mind.

Pipe Line Assured.

The reports which have been current for some time that a pipe line would be built to connect the oil field of Kentucky with the ground system of pipe lines of the Standard Oil Co. have been confirmed by the highest authority, C. N. Payne, of Oil City, Pa., who is at the head of the pipe line system of the Standard Oil Co. The fields of Pulaski, Knox, Bath and Floyd counties with the general system of the Standard Oil Co. The company purposes laying 315 miles of line. Engineers and right of way men are in the field and the pipe is now being shipped. The line when completed will cost upwards of \$1,000,000.

Drill Deeper Wells.

We have always contended that it was essential to drill oil wells to a depth of at least 1,200 feet, and the following from the Calhoun Star will prove what we have been contending for to be true: "The oil well of which the Star made mention some weeks ago, and which is located near Calhoun, has proved to be a gusher. Oil was found at about 400 feet in small quantities, and more as the drilling progressed, until they reached the depth of about 1,200 feet, when she broke loose with a rush, throwing oil and gas fifty feet or more in the air."

A Skunk Farm.

A skunk farm has been established near Willard, Carter county by George Adams and Henry McDavid, two enterprising young men. They have enclosed about two acres with a wire fence, and have stocked it with about one hundred of the "scented animals," and expect this winter to be ready to market their furs. They have some valuable animals on the farm.

The Leading Market.

Louisville is becoming one of the best markets for country merchants in the South. The Courier-Journal Saturday gave the names and addresses of more than 150 merchants in that city last week buying their fall stock. It said one firm alone paid out \$1,500 for transportation.

About to Sacrifice Her Child.

Mrs. Charles Clark, a prominent woman of Vanceburg, was discovered sharpening a razor with which she said she intended to sacrifice her three-year-old daughter in obedience to an order from the Lord. She will be sent to an asylum. Religious excitement caused loss of reason.

Got Rid of Rival.

In Jackson county the general store of A. J. Smith was burned. A man named Brummett was arrested and confessed that a rival merchant had given him fifteen dollars and three pints of whiskey to burn the store. The latter merchant will be arrested.

Plenty of Representative Timber.

Wolfe County is full of Representative timber. There are five candidates for this office in this county, and not a single one from Morgan. These two counties compose the 91st Legislative district.

Robert E. Caudill, a merchant of Cannel city has a twin brother and these brothers married twin sisters.

As Seen by a Negro.

A Colored minister, whose wisdom is far above the average, has made the following sensible remarks: "I have decided that the only way to get rid of the 'Jim Crow' car is to get rid of the 'Jim Crow' negro. If I could use 200,000 bars of soap on the unwashed negroes that travel on the trains and hang around depots, I would solve the negro problem about 20 per cent. Lazy, ragged, barefooted fellows, longing for silver slippers and long white robes and counting themselves worthy; neglecting to provide for their families on earth and yet claiming a house not made with their hands, in God's heaven! The white man is trying to make this earth blossom as a rose, and the negro is getting ready to die. The white man is organizing business enterprises, and the negro is organizing societies to turn out at their funerals. Now, I object to a \$100 funeral for a 50-cent negro. The negro eats up and dresses away all he makes. One square meal on Sunday sweeps away all the wages of the week. He reminds me of the mule which ate the shipping tag from his leg. An old negro exclaimed: 'Gee, dat mule dun eat up his 'whar-h's gwine!' That's what the negro does he eats up his living."

Be Cheerful.

Any one can be cheerful if he is having his own way in everything. There are times when it is easier to smile than to sigh; when courage and happiness take possession of the heart, leaving no room for foreboding. But courage is not worth much if it is unable to hold its own in adversity. The Christian is no better off than other people unless he can keep up heart in the midst of discouragement and seeming disaster.

Rousing Speech at Campton.

The report comes from Campton that Frank Hopkins, Democratic nominee for Congress, made a rousing speech at Campton Monday, the first day of Circuit Court in the presence of at least 1,000 people.

Miss Margaret McVain, of Alexandre, has been admitted to practice before the Court of Appeals. This is the second woman admitted to practice before the Kentucky Appellate Court.

A large crowd witnessed the unveiling of the Confederate Monument at Harrodsburg Tuesday. Col. Bennett H. Young, of Louisville, was the principal speaker.

The new Baptist church at Waco, which is being built to replace the one burned there last Spring, is about completed, and will be dedicated some time in next month.

Policeman James K. Emmons, of Owingsville, killed a negro who resisted arrest and tried to hit Emmons with a rock. Emmons was exonerated on examining trial.

Rev. R. A. Irvin is attending the West Lexington Presbytery which is being held with the church at Versailles.

The belief that there are as good fish in the sea as ever were caught, is poor consolation to the man whose bait is gone.

The National Association of Mexican War Veterans will hold their annual meeting at Pais, Ky., Sept. 25. All survivors of the Mexican War, their widows and children are invited to be present.

A fire brick company will shortly begin operation in Rowan county. A company for this purpose has been incorporated with \$100,000 capital.

Eyes tested free and glasses accurately fitted. W. T. Webb.

An ordinance has passed the City Council of Lexington appropriating \$150,000 for a new and improved sewerage system. The question will be submitted to a vote of the people at the coming November election.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

ANNOUNCEMENTS.

CIRCUIT CLERK.

We are authorized to announce, Mr. W. T. STRONGER, of Clay City, as a candidate for the office of Circuit Clerk of Powell County, subject to the action of the Democratic party.

We are authorized to announce, Mr. Morgan R. LYLE, candidate for Circuit Clerk of Powell County, subject to the action of the Democratic primary to be held Dec. 6, 1902.

On With the Curfew.

The ink was not spread on our last issue in which the article appeared indorsing and commending the Curfew law to the people of Clay City, and all other towns as well, until a gentleman came into our office, and while discussing topics branched out to say that the "Kids" annoyed him so on the streets at night that he nor any of his family could get any sleep until a very late hour. He said they had a habit of congregating near his house and fiddling, dancing, whooping and playing "jack generally." Every size and age from about twenty and under, he said was represented. Such annoyance as this is very provoking and should be stopped. It seems that all children's parents are very neglectful of their duty, and when this is indulged in, until it becomes a nuisance in general, it should be attended to by some one else. The marshal says he has no jurisdiction under the present ordinances to prevent such rude conduct. As we have no Curfew law to make them go home early in the night, it seems that the older folks might investigate their children's whereabouts at night and at least see that they are not disturbing some one else.

A Good Law.

One of the good laws passed by the Kentucky Legislature recently became effective says the George-Times. It does away with all the technicalities that heretofore often saved defaulters from punishment. Under the law, there can be no breach of trust. Any lawyer who fails to turn over his client's money can be sent to the penitentiary just as a bank thief. Any guardian of the property of a minor can be sent to the penitentiary for misappropriating the money of the estate. Any sheriff, commissioner, magistrate, insurance agent, executor, or what not, any one of the numerous individuals who have escaped punishment in the past by pleading breach of trust, can be punished by penal servitude of one to five years if the property taken is of \$20 value.

The farmers of the West are greatly rejoicing over such good crops. They can burn corn, but they cannot afford to pay the present high prices for coal.

Spout Spring, like all other prominent and first-class cities, has a base ball club, and like other towns, has inaugurated Sunday games, thereby helping to demoralize our peaceful community.

"Uncle" Frank McIntosh died at his home on Calloway's Creek, Friday, September 12, of dysentery. Burial Saturday at the family burial ground. Deceased was 86 years old, and had been a remarkable stout man.

The Color Line Drawn.

The color line has been drawn at Northwestern University, Chicago, and no colored girls will be admitted to the young woman's dormitories. This, together with the outrages perpetrated on the negroes at Eldorado, Ill., shows more strongly that this negro equality business won't stand the test, even in the radical State of Illinois. The grand jury has refused to make any indictments in the latter case, perhaps because this jury composed the mob or a part of it.

After a Third Term.

Hon. B. A. Crutcher will shortly announce his candidacy for reelection to the office of Commonwealth's Attorney of the 25th Judicial district. A thorough and consistent Democrat, a lawyer of ability and distinction, a gentleman in the fullest sense of the term, his fitness and his personal merits are recognized by all who know him. He has made one of the most efficient Commonwealth Attorneys in the State and is not likely to have any opposition for the nomination. — Jessamine Journal.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucus surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Gas Near Frenchburg

Some teamsters were spending a night close by an old gas well, near Frenchburg recently. During the night, they were awoken by a peculiar bubbling sound coming from the old abandoned well. They went to the well and lighted a match for the purpose of making an investigation, when the gas which had been escaping became ignited and shot upward several feet, scorching the beards and eyebrows of the men, and slightly burning their faces. The gas continues to escape.

More Race Troubles.

Race troubles broke out again at Eldorado, Ill., when the house of John Bean, a colored farmer, was attacked by a mob. A volley of shots was fired into the house, though a number of militiamen were on the premises at the time. The Negro's barn was burned, and two horses and 1,000 pounds of tobacco were lost.

What would the Northern papers say if such as this should occur in the South?

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

BALTIMORE, Md., March 30, 1902. Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERMAN, 730 B. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost. INTERNATIONAL AURAL CLINIC, 596 LA SALLE AVE., CHICAGO, ILL.

Josh Westhafer, of Loogootee, Ind., is a poor man, but he says he would not be without Chamberlain's Pain Balm if it cost five dollars a bottle, for it saved him from being a cripple. It has also cured numerous cases of partial paralysis. It is for sale by all dealers in patent medicine.

Every farm should have its timber tract, and should be carefully preserved. The reckless use of an ax for a few years will inflict damages that it will take nature years to repair. Much wooded land had better be left for timber and fuel purposes. In many instances steep hillsides have been cleared of timber and broken up, only to wash and gully and become unprofitable. In the clearing of land all rough, uneven tracts should be left in timber.

A Communication.
Mr. Editor—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the bronchitis and could not sleep at nights. I tried several doctors and various patent medicines, but could get nothing to give me any relief until my wife got a bottle of this valuable medicine, which has completely relieved me.—W. S. Brockman, Bagwell, Mo. This remedy is for sale by all dealers in patent medicine.

G. C. Clemens, is a man of deep intellect and wide experience. He is considered one of the foremost lawyers in this country. In a recent letter to the Dr. Miles Medical Co., Mr. Clemens says:

Take two cups hot water half an hour before each meal and just before going to bed, also a drink of water, hot or cold, about two hours after each meal. Take lots of outdoor exercise—walk, ride, drive. Make a regular habit of this and in many cases chronic constipation may be cured without the use of any medicine. When a purgative is required take something mild and gentle like Chamberlain's Stomach and Liver Tablets. For sale by all dealers in Patent Medicine.

Contented Farmers.

The following concerning the life of the farmer is true in every particular statement. The farmer doesn't have to solicit patronage from any one. He doesn't have to enter into competition and strife with any of his neighbors like a merchant; he doesn't have to wrangle for a living like a lawyer; he doesn't have to depend on his collections, reluctantly doled out, as creditors do; in fact, he can be the most independent man on God's green earth if he manages his business in a business-like manner. He has more time and opportunity for cultivating his mind; he has fewer allurements for corrupting his morals; and his occupation is more conducive to the highest development of his physical power than any other.

"In dealing with man, remember that a spoonful of oil will go farther than a gallon of vinegar." The same may be said of children. There is nothing so good for children as the old-fashioned castor oil. However much they may abhor it, it is their best medicine for disorders of the bowels. In the more severe cases of diarrhoea and dysentery, however, Chamberlain's Colic Cholera and Diarrhoea Remedy should be given after the oil operates, and a quick cure is sure to follow. For sale by all dealers in Patent Medicine.

Because his revolver was defective and discharged a ball into his back, a Texas man sues the manufacturer for \$60,000. The defect might have been overlooked had another's back been perforated.

A Certain Cure for Dysentery and Diarrhoea.

"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford County, Pa. "I was taken suddenly with diarrhoea, and was about to give up the trip, when editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully, and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy, and this time one does cured me." For sale by all dealers in Patent medicine.

Power of Printers' Ink.

There was a clothing dealer who did not believe in newspaper ads, but he does now. The advertising solicitor told him that two lines in the most obscure place in his paper would be read by nearly everybody in that town. "Prove it," said the merchant. "Say anything about me you want in two lines." The solicitor put in two lines, saying the merchant wanted to buy 100 cats and 200 dogs. The ad was sandwiched between some medicine liners on the inside page. That night seventeen boys and three girls brought in dogs, and the next morning, and until late at night, his store was crowded with persons with dogs and cats to sell. One time there was such a jam in his store that he had to close his front door and let those in the store go out at the rear door. Early the next morning the merchant rushed to the newspaper office and closed a contract for a year's advertising. "Already he has had such an increase in business that a new room will be added to his store."

The little one leaves a father, mother, two brothers, two sisters and a host of friends and relatives to mourn her departure, and all we can say is weep not, sorrowful ones, for little Annie now sleeps in the bosom of one who said "Suffer little children to come unto me, for of such is the kingdom of heaven", and she has only gone before as a beacon light to lead papa, mama, brothers, and sisters through the pearly gates to walk the gold-paved streets of the New Jerusalem. Shocking Suicide.

Raymond Gray, of Covington, committed suicide in that city last Thursday in the most savage manner. He was found in his room hacking and cutting up his body in all parts, and when asked what he was doing deliberately said he was committing suicide. He cut his throat a number of times, cut open his abdomen and run his fingers on his inside and cut and slashed his entrails most savagely.

**THE FORD'S
BLACK-DRAUGHT
FOR
CONSTIPATION**

Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize that he is allowing poisonous filth to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipated bowels are relieved. The Ford's Black-Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics.

Be sure that you get the original The Ford's Black-Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 25 cent and \$1.00 packages.

Morgan, Ark., May 25, 1901.
I cannot recommend The Ford's Black-Draught too highly. I keep it in my house all the time and have used it for the last ten years. I never gave my children any other laxative. I think I could never be able to work without it on account of being troubled with constipation. Your medicine is all that keeps me up.
